

Dear Friend,

Winter 2018

Animals cannot speak for themselves, but if they could they would thank each and every one of you who donate your time, talent and dollars to make their stay at The Humane Society of Genesee County a better experience.

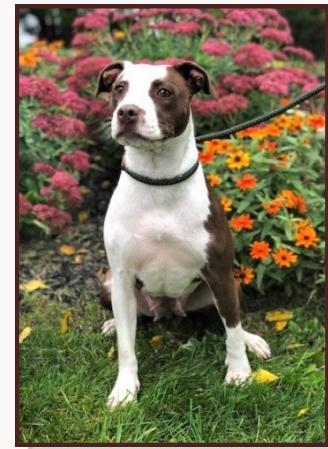

Here is a story of one such appreciative resident of the Humane Society. Daisy came to us as a stray after she was found wandering around I-75. Daisy, a two year old Pit mix, was scared and severely underweight upon her arrival. She tested heartworm positive. But today she is a transformed dog. After many medical treatments, and a lot of love and care, she became a healthy, happy dog. Even though these animals have been through unspeakable things that brought them to us, they have the most resilient personalities. They believe things will get better, and that life will be happy and fun again, or maybe even for the first time.

Daisy's story had a very happy ending. A couple who had lost their dog, Daisy, saw a beautiful, healthy dog at the Humane Society also named Daisy. They were drawn to her, not only because she had the same name as their beloved dog, but because she was well-mannered and friendly. As they walked past her kennel, she leaned toward them as if to say I'm here and ready to go home with you. They did not know Daisy's journey when they chose to adopt her. But when they heard it, they only wanted to adopt her even more and give her a loving home. Which they did!

Daisy, the day she came to The Humane Society of Genesee County

Daisy leaves with her new parents.  
Have a wonderful life!

Daisy, after many months of treatment from The Humane Society of Genesee County

***Friends, your generous donations do wonderful things  
at the Humane Society***

- \$1,000 covers the cost of treatment for a heartworm infected dog
- \$500 covers the long-term care of an abused animal at our facility
- \$250 provides food and care of a shelter pet for one month
- \$100 makes it possible for a shelter pet to be spayed or neutered
- \$50 allows our Humane Educator to visit area schools
- \$25 covers the cost of the initial vaccines for an animal upon arrival at the Humane Society

Any amount you give helps provide care for all of our animals.

Please use the enclosed envelope to give today.

You may donate at [www.geneseehumane.org](http://www.geneseehumane.org) by clicking the  "GIVE" heart to start your donation.

Call today at (810) 744-0511 with your donation.

The animals at the Humane Society of Genesee County depend on you and your donations to help with their care until they are adopted into a loving home.

Thank you for your generosity. Your thoughtfulness means the world to these animals.

Jane Johnson, Board Chair  
Humane Society of Genesee County  
Serving Animals in Need Since 1926
